Two-year-olds Montank, Humpo, Herbert 1f., and Helle Mende in Many Prominent Stakes - Dobbins in the Gold Cup-Banquet Unfortunately Not in Any of the Great Stakes-Will a Commission be Appointed to Look Into the Racing Question !- When the Lend-. Ing Trotting Meetings in the East

Should the horses sent to England by Richard Croker and M. F. Dwyer reach their destination safely, and take kindly to their new quarters, the American racing public will not have to wait long for a taste of the quality of the twoyear-olds, as their engagements begin on April 16, at Newmarkot and Birmingham, the Double Trial and Babraham Plates being down for decision on that date at the former course, while the Wesson Park Juvenile will be run at Birmingham on the same day.

Mr. Croker has nominated Natty Bumpo, Her-

sert II., Belle Meade, and the giant Montank in all of the two-year-old events which will be found in the table which follows. They will meet the pick of the English and French youngsters, and it would be too much to expect them to show winning form at the outset, although the claim has been advanced in some quarters that American horses take much more kindly to the English climate than the blooded horses of the old country do to ours.

The following are the engagements of the Dwyer and Croker horses abroad for 1895:

April 16—Double Trial Plate, two-year-olds, New-market; Western Park Juvenile, two-year-olds, hir-mingham; Babraham Plate, kewinarket. April 18—Ashiley Plate, two-year-olds, Newmarket. Mr. Dwyer did not determine until the very last moment to send Banquet along with his other horses, and it is to be regretted that the gallant old warrior will not have a chance to meet the champions of the Old World in the Chester Cup at two miles and a quarter, Dobpins and Don Alonzo being the nominations of the American contingent. In the Ascot Gold Cup, Dobbins will, if he stands preparation, come into contact with the best field of the year, among the nominations for this prize being the mighty Isinglass, Ravensbury, Throstle, None Wiser, and Callistrate. The Gold Cup is run over a course of two and a half miles, and

run over a course of two and a half miles, and the Englishmen will marvel at the way Dobbits, a son of the sprinter Mr. Pickwick, will stay, and perhaps they will be willing to admit that the stoot blood of Longfellow, which he receives through his dam Thora, has something to do with his powers of endurance.

It is amusing to note in certain quarters a disposition to belittle Stonenell's chances with the best of the English sprinting division, "especially if the weights approach ten stone." If ever there was a horse that is capable of packing weight and running fast, it is this same stout, short-backed son of Stonehenge that were bred at Brookdale Stud in New Jersey. Both Stonenell and his espeedy stable companion Harry Reed are named for the Kempton Park Great Jubilee Handicap of 3,000 sovereigns, which is at one mile and will be run at Kempton Park on Saturday, May 11. The first appearance of the visitors will be closely watched.

Hardy Campbell, the trainer who will handle the Dwyer and Croker horses abroad, will find himself surrounded by a maze of red tape that will make him sigh for home and somebody to do the figuring. The Jockey Club charges a training tee of seven guineas for each horse trained at Newmarket and a sta ed sum for every yearling broken or manulen there. There

It now looks as though there were serious doubts as to whether the passage of the amendment to the Constitution against betting the pealed the lyes Pool bill. John Ecden of re-Press, one of the best known correspondents at Albany, has the following to say concerning the matter:

The opinion that it does not is held not alone by

Albany, has the following to say concerning the matter:

The opinion that it does not is held not alone by the ablest lawyer at bresent in the Assembly, but is the constitutional adviser of Gov. Morton. This is the secret of the paragraph in the recent message of the dovernor, in which he advise a the repeal of the law law. And in this opinion the Attorney-General of the State, the Mon. Mr. Hancock, unreservedly joins.

It is held by the gentlemen referred to, and of their qualification there can be no manner of doubt, that, unless the Legislature shall take some specific and substantiative action, the mere paragraph of the new that the second law and the second law and the second law and the second law will stand search the second law will stand exactly as it did one year ago. There is, as a matter of fact, only one provision in the new Constitution that is operative without special enactment of the Legislature.

Under the circumstances it is quite problematical whether such legislation will become law without a careful inquiry into the entire matter. There are members of the Legislature who are not satisfied that they have sufficient information on which to base a measure that, while ridding the sport effectively of discreditable features, will yet not crush out the great presents in the reserved the second and already some of others in the reserved the second in the sport. Last year this tax was in excess of \$120,000, of which amount the tracks at Bheepshead Hay, Gravesond, Morris Park, Jerome Park, Brighton, Maspeth, and Aqueduct contributed meaning that the endient of the Legislation will not a stream of the legislation.

Park. Brighten, Maspeth, and Aqueduct contributed nearly \$100,000.

"There is some feeling among the conservative members that before any legislation is male the entire matter should be looked into by a legislative sommission who shall inquire into the value of the standard of the stan

big stakes.

There does not seem to be any disposition to deal too harsbly, though it guest be frankly confessed there is at the same time a determination to enforce what the people want. How to do it without injury to legitimate interests is the matter that is pushing the Legitalize. At the present time the establishment of a commission to inquire into the entire subject seems to be the plan most favorable as the one which is the most equitable to all concerned.

Unless the track managers of the trotting turf succeed in getting together on the matter of dates before the opening of the harmess racing season, it now seems probable that the campaign of 1805 may witness a clash between some of the leading meetings, and a consequent injury to two great circuits of the East and the West, the Grand, and the Western-Southern.

The Western managers representing tracks in membership with the Western-Southern Circuit have already held their annual conference for the nurpose of arranging dates, but there suit of their labors appears more like a collection of scattering meetings than a well-ordered circuit, such as existed last year. Some of the misst important harmess racing organizations in the West are not representisi in the circuit schedule, while others will, it is said refuse to be bound by the dates asigned them, and hold independent meetings conflicting with others nominally in the same circuit, Among these clubs are the Galesburg Association, whose events were served of 65 or beings conflicting with others noninally in the same circuit, Among these clubs are the Galesburg Association, whose events were served as the leading affair of its little of the conflicting with others nominally in the same circuit, whose samula trotting the conditions were:

meeting in Chicago, the important races at Washington Park having been the mainstay of the organization by serving to draw many of the campaigning stables away from the Grand Circuit after the Buffalo meeting in August and turning them westward into the line of the Western-Southern for the remainder of the season. The withdrawal of the Chicago Chib cannot fail to injure the Western League, leaving it made up almost wholly of tracks in Indiana and Ohio, without a really strong meeting to turn the campaisners back from Buffalo as before.

It is said upon good authority that the Chicago meeting of 1805 will be held during the first week in July, instead of in September as heretofore, thus placing it at the head of the Grand Circuit line, where it used to be fifteen years ago, in the palmy days of the old Chicago Driving Park, later known as Garfield Park, and given over to the runners. Preceding Chicago proposed dates there will be a series of important rottting meetings in the West, beginning at Dauvor the first week in June, and continuing on ancressive weeks at St. Joseph, Mo., Conneil Binifa, Isa, and Red Oak, Isa, where Morris J. Jones, the owner of Alix, is building a new trotting track. Following the Chicago meeting Saginaw, Mich., has claimed the second week in July for its Grand Circuit, leaving the next week open for the unlacky Grand Rapida, Mich, track to fall into lime between Saginaw and the Detroit the Grand Circuit, leaving the next week open for the unlacky Grand Rapida, Mich, track to fall into lime between Saginaw and the Detroit the Grand Circuit trutters will be rought about.

From Detroit the Grand Circuit trutters will be prought about.

From Detroit the Grand Circuit trutters will for course move to the valued and then to Buffalo, but beyond the latter meeting, which begins on Aug. 5, the make-up of the line for 1805 is a present somewhat uncertain, owing to the doubtful condition of racing affairs in this State. If the Legislature should enact something like a mulci law, in compliance with

PRESIDENT ROBISON EXPLAINS Save He Was Asked to Act as Chairman of the Committee on Kules,

CLEVELAND, Jan. 20.—President Robison of the Cleveland League Club was asked last night just how the tangle in reference to the Chairmanship of the Committee on Rules originated. "In the first place," he said, "I want it dis tinctly understood that it does not make the elightest difference whether I am Chairman or not of the Committee on Rules. The position carries no honor with it as far as I can see. At carries no nonor with it as far as I can see. At the fall meeting at New York the Rules Committee was appointed, with Ned Hanion as Chairman and James A. Hart and myself.

"After the meeting Mr. Hart, in the lobby of the Fifth Avenue Hotel, suggested to Mr. Hanion and myself that I, being interested in other business than baseball, would find it hard to get away to attend the meeting of the committee. I arranged with him. Then he suggested that I act as Chairman of the committee in calling the meeting, and that he and Mr. Hanion would be giad to come to Cleveland.

meeting, and that he and Mr. Hanion would be glad to come to Cleveland.

"Mr. Hanion at once fell in with the proposi-tion and the matter was then dropped, the three of us understanding perfectly well that I was to act as Chairman of the committee and call the meeting at Cleveland. That is all there is to the matter. Mr. Hanion was appointed Chairman, and if he insists on forgetting the arrangement with me he has that right."

Hardy Athletes Take a Breather.

Some of the best known athletes in the vicinity of New York were in the cross-country teams that enjoyed brisk runs over the local trails yesterday and the favored routes in Jersey City, Ridgewood, Bay Ridge, and Fort George were well patronized all day. A very decided revival of interest has taken place in the sport.

Twenty-two members of the National Athletic Club held a very well-attended run from their training quarters, Gates and Evergreen avenues, Brooklyn, yesterday morning. The start was made at 10:31, President Michael J. Brophy made at 10:31, President Michael J. Brophy giving the word to "go." The course was about nine miles of the stiffest kind of country, Wynne was pace maker and Ward whipper-in. Stegenann finished first, with Ward second and Wynne third. Time, 59 minutes 31% seconds. The Pastime A. C. held a cross-country run over the Fort George course yesterday, the leaders covering the route in 37 minutes.

A hig crowd of spectators watched the regular weekly cross-country run of the Spartan Harriers, which was held from Fourth avenue and Sixty-fifth street. Bay Ridge. John L. Lambers and M. J. Williams laid the trail through the anow-clad hills, and were followed by a pack of thirty-one athletes, including in addition to members of the Spartan Harriers, delegations from the Bay Ridge A. C. Brooklyn A. C., Williamsburgh A. A. Garryowen A. C. Atalanta A. C., and other clubs.

GALLAGRER IS A GOOD STATER.

He Surprises George Kelly and the Talent at Laurel Hill. WOODSIDE, L. I., Jan. 20.-About 300 sporting men from Greenpoint and South Brooklyn ploughed their way through the snow and over the rough roads of Long Island to a well-known sporting resort at Laurel Hill last night, to witness a finish fight between Paddy Gallagher of Greenpoint and George Kelly of Benschhurst. The two puglists are well known on Long Island, each having won a number of hard fought bat-tles. The fight was for a purse and a side wager of \$200. Gallagher, who tipped the scale at 150 pounds, seemed to have the advantage in reach, height, and in every other way, being ten pounds heavier than Kelly. While the men were getting ready a preliminary bout at 110 pounds, between Ruddy Pfifer of Brooklyn and Joe

this ready a preliminary bout at 110 pounds, between Ruddy Pfifer of Brooklyn and Joe Brown, "the Winfield Spider," was arranged. Both lads were evenly matched, and boxed four lively rounds to a draw.

Kelly and Gallagher were then announced. The latter was the first to enter the ring, and looked like a giant compared to Kelly, who appeared a moment later. At the call of time both men went at it hammer and tongs, singshing each other right and left. When the referee called time Gallagher was stretched across the ropes, with his hands spread in the air ready to fall when his seconds caught him and carried him to his corner.

In the next two rounds Gallagher received some hard punishment, but he stood it gamely. Kelly banged him all over the ring, hitting him where and whenever he piensed. When Gailagher came up in the fourth round he was very groggy and weak, while Kelly seemed fresh and strong. Both men sparred a few seconds. Kelly smashed Gailagher in rapid succession with his right and left on the chin and over the left eye, which was almost closed. Gallagher made a faint jah with his left, and to the surprise of everybody followed it up quickly with a right-hand swing which caught Kelly under the jaw. The latter stargered from the blow for a second, and then fell in a heap to the floor.

When the fifth round was called, Kelly was still unconscious, and the referee awarded the fight to Gallagher. The crowd almost went wild at the turn of affairs, and carried Gallagher to his dressing room in their arms.

ALF LAKELAND'S BLOW.

It Was Intended for Jack McAuliffe, but Went Wide of the Mark.

A few minutes after the sports who attended the Ryan-Dempsey flasco at Coney Island last Friday night got into the last train on the Long Island Railroad for New York, a row occurred not very far from the Seaside A. C.'s building. The participants were lack McAuliffe and Alf Lakeland, the well-known turfman. McAuliffe and Lakeland have not been on the best of terms of late, and friends of both were apprehensive that the first time the pair met there would be trouble. Lakeland was present at the fight, and on his

way to a neighboring hotel after the mill he came across the light-weight champion. Mc-Auliffe at first did not notice Lakeland and brushed against him unintentionally. This angered the turfman, who asked Jack what he meant McAuliffe did not reply, but walked away. Exewitnesses say that Lakeland tried to get into a tussie with McAuliffe then and there. He made a desperate pass at the boxer, but his aim was unsteady, and the blow went wide of its mark.

aim was unsteady, and the blow went wide of its mark.

McAuliffe grabbed hold of Lakeland, who was very excited. At this crisis some friends of the men appeared and parted them. Explanations were offered by both men to the big crowd which had gathered. Tom Evans, a friend of both men, happened to stroll along just then. Somehow he was pushed and fell to the ground, injuring his arm severely. He quieted both men as best he could. The police fortunately came to his aid and the crowd dispersed.

PRAISE FOR BOTH BOYS. What the Sports Say of the Dixon-Griffo Contest at Coney Island,

Nothing was more discussed in sporting circles yesterday than the meeting between George Dixon and young Griffo at Coney Island on Saturday night. All who saw the "go" were unanimous in the opinion that it was the most scientific contest held in this vicinity for years. Dixon came in for a great share of praise. The fact that he gave away so much weight to his adversary and was able to land on Griffo's heart and ribs many times, made the sports wonder whether there is really a man breathing in his class who can defeat him. Griffo was in splendid shape, and stopped the dusky boxer's rushes with apparent case. All the fine points of boxing were brought into play during the contest, and the result was always in doubt. After the bout The SUN reporter saw both men. Dixon showed some marks, but Griffo did not have a scratch. He was as chipper and as gay as a lark.

Tom O'Rourke was a little angry over the decision. Griffo was well satisfied with the verdict. Dixon and O'Rourke lett for Pennsylvania yesterday to join their theatrical company. The latter told The SUN reporter before he left that he didn't know whether he would chailenge Griffo again. He is after Billy Plimer now, and hopes to bring him to time sooner or later.

Griffo's next mill will be a four-round contest praise. The fact that he gave away so much

mer now, and so or later.

Griffo's next mill will be a four-round contest with Joe Walcott at Philadelphia next Saturday night. Walcott is to best Griffo in the four rounds for the whole of the gate receipts, Griffo expects to deposit \$1,000 to-day and issue a challlenge to fight Kid Lavigne.

Now that the Rosedales have clinened the first prize, all eyes are turned to the probable winners of the other seven. The second prize will also stay in this city, unless the Monarchs upset all calculations by winning four straight games, which would place the Brooklyn bowlers on equal terms with Capt, Bier

Nothing now remains in the New York and Brooklyn sections of the A. A. B. U. except to play off the ties. The New Jersey section will play the final games on Wednesday night. The National Park and Bank of Manhattan Company sustained a defeat last week in the Hank Clerk League, and the Bank fordavings players have the championship within their grasp. Four straight victories for the Union County Roadsters gave that team another chance to gain in the Metropolitan Association of Cycling Clubs' tournament. Parke, Davis & Co, continue in the lead in the Wholesale Drug Trade Association tournament, but the bowlers representing Lanman & Kemp may prove to be a factor in the final results. The tournament records up to date are as follows: Nothing now remains in the New York and WHOLESALE DRUG TRADE ASSOCIATION TOUR NAMENT.

The Australian Wins \$2,000 in About

GALVESTON, Tex., Jan 20.-The boxing contest last night between Dan Creedon, the Australian middle weight, and Herman Berneau, the heavy-weight champion of Texas, resulted in an easy victory for Creedon. The Australian's nerve and science easily overmatched the Ger-man's ze. This is how they fought:

nerve and science easily overmatched the German's 22c. This is how they fought:
Figor Rouxn.—Creedon led swiftly and landed in the face twice when the men clinched. Berneau then got in on Creedon's face. Creedon returned and landed twice on the shoulders. Herneau got in two heavy chest blows at close range. Then he led wildly and missed. Creedon drew first blood from Herneau's nose, The latter reached for the Australian's chin and got there, but Creedon landed on the atomach and Berneau went to the floor, winded, but still in good spirits. The German took advantage of the count until time was called. Then he got up and landed in the pit of Creedon's stomach, which made the Australian poin. The latter then landed a blow on the chest. He round ended in Creedon's favor, Sacono Houxn.—The men began sparring for an opening. Berneau landed on Creedon's kinneys, after which there was a ciliach. Creedon began hitting ferrely right and left, and there was a heavy exchange. Creedon landed heavily on the face, and the German began to stagger. He got in a light blow on Creedon's chest, but was touched very hard on the point of the jaw and fell to the floor. He was unable to rise.

Morgan and O'Brien Knocked Out.

A big crowd of sports witnessed two hotly contested finish fights on Saturday night, at the resort just over the Kings county line which has the scene of so many hot glove bouts. Jack Mace, Ridgewood A. C., was referee; Billy Burns and Ed. Bennett held the watches. The first bout, which was nut on shortly after 9 o'clock, was between Jimmy Clarke of Philadelphia and Harry Morgan, Brooklyn A. C. The lads fought at 128 pounds. Clarke was the more scientific, and used both hands very dexterously. He had Morgan at his mercy after the third round, but humanely refrained from knocking him out until the eleventh round, when, on Morgan's refusal to quit, Clarke finished him with a righthander on the jaw. The winner got \$80 and the loser \$20 of the \$100 purse, and in addition Clarke's backers took the stake bet of \$100 a side dependent upon the result. Jack Mace, Hidgewood A. C., was referee: Billy

suit.

After a very short delay Jerry O'Brien of Brooklyn appeared for his go with Joe Daley of the Bidgewood A. C. They fought at 140 pounds, and while Daley was half a pound overweight, O'Brien was almost a pound below the scale. O'Brien was very nervous, and did not light like himself, while Daley began to make it decidedly interesting after the second round. O'Brien was game, but was overmatched, and was put to sleep in the ninth round.

Chess by the Bontd Transit System At the bi-monthly entertainment of the Brooklyn Chess Club on Saturday night a rapid transit tournament took the place of the customary simultaneous or blindfold exhibitions. The play was governed by a time limit of 120 moves an hour, and when the timekeeper gave the signal at the end of every thirty seconds the player whose turn it was had to move! Sixteen players entered the lists, and after four rounds on the plan of "the survival of the fittest," S. G. Ruth won the prize. Fortune favored him somewhat in his advancement toward the coveted goal, for, besides having the first move three times out of four, he twice won the toss to decide who should go on as winner in the only drawn games of the evening. Good progress was made during the first week of the annual handleap contest of the City Chess Club. Last night the standing of the players was as follows: Players.

Curt von Bardeleben, the celebrated German chess player, writes to THE SUN from Paris under date of Jan. 8, that he has accepted the invitation of the Hastings (England) Chess Club to play a little match with J. H. Blackburne, the British champion. The match is to be played for a purse of \$125, the man who first source five games to be the winner, the match will be played at Hastings either at the end of next month or in the early part of March.

THE CRESCENT'S ANNUAL MEETING. Brooklyn's Crack Athletic Club Promises to Do Better This Year The annual meeting of the Crescent A. A. of

Brooklyn was held on Saturday night at 71 Pierrepont street. The attendance was quite light. The report of President Brown showed that the profits of the club for 1894 had been satisfactory, but that the membership had faller off a trifle. The President in his report referred to the new club house now being erected on Clinton street, and stated that the officers were in hopes that the house would be ready for cocupancy by May 1. The following men were elected to the Board

of Governors for three years: William H. Ford, Charles M. Bull, Frank T. Lawrence, H. L. Langharr, William B. Hill: for two years: A. R. Thompson and J. Carlisle. An entertainment committee, consisting of Edwin W. Bigelow, H. C. Duval, and J. Carlisle, were appointed, to serve for one year. An entertainment will be held at the Academy of Music next month.

The club's success at football last season was discussed. The officials announce that they will make special efforts this year to turn out a championship team and win the championship cup. The announcement in The Sun that negotiations were being made to secure Frank Hinkey, the ex-Yaie captain, to take charge of the Crescent team next fall, was a surprise to a number of members, and the club's officers refused to discuss what success they have had in their communications with Hinkey.

The new club house will be the finest athletic club building in Brooklyn. Among the features will be a large gymnasium, swimming tank, and bowling alleys. A large grill room will be on the first floor, which will be finished with oldestyle oak beams and a mammoth open fireplace. Charles M. Bull, Frank T. Lawrence, H. L.

Gossip of the Ring.

Peter Maher and Jim Hall are to box four rounds at hiladelphia on Feb. 23. Sammy Kelly informed The Sow reporter yesterday that he is willing to concede a few pounds in weight to get on a match. Johnny Murphy, the diminutive bantam of Roston, is in town. Murphy wants to get on a battle with any boxer in the world between 112 and 118 pounds.

Al Smith, who was asked to referee or appoint a man to officiate at the battle between Joe Walcott and "Mysterious" Billy Smith at Boston on March 1, has named Harney Aaron, the old-time puglist.
